

# Demo Schedule

for the demonstration of BAPERS software

**Time:** Thur. 19<sup>th</sup> April 2018, 9am – 3pm

**Venue:** Ada Lovelace space, College Building

Time slot	Team	Marker
9:00 – 10:00	7	VS
10:00 – 11:00	1	APV/JA
	2	MB/RK
	3	MS/ KP
	4	VS
	5	SO/SB
	6	RB
11:00 – 12:00	8	JA
	9	APV
	10	MB
	11	MS
	12	RK
	13	RB
	14	KP
	15	SO
	16	VS
	17	SB
12:00 – 13:00	18	KP
	19	MS
	20	MB/ RK
	21	RB
	22	SB
	23	SO
	24	VS
	25	APV
	26	JA
13:00 – 16:00	Showcase Event	

APV – Abigail Parisaca Vargas

JA – Juan Armond

KP – Konstantin Pozdniakov

MB – Marius Braun

MS – Mithileysh Sathiyarayanan

RK – Radha Kopparti

RB – Rilwan Basaru

SB – Swetha Bobba

SO – Simon Odense

VS – Vladimir Stankovic

The demonstration will take the form of questions (asked by the marker), and answers from the Team member(s) giving the demo. The marker will ask the Team representative(s) to demonstrate

the BAPERS features closely following the Marking Sheet and the information provided in the 'Sample data' for BAPERS (the set of data and scenarios uploaded on Moodle to help with the assessment of BAPERS).

All teams are expected to have their representative(s) ready for the demonstration **at least 15 min** before the time slot allocated to the team.

The demo is scheduled for 1 hour per team.

*No second chance is available* – all teams have **one** opportunity to show their respective BAPERS implementation!

If the person giving the demo is aware that something does not work, it may be better to 'confess' that it does not instead of wasting time trying to debug the application during the demonstration.

The latter will increase the risk of running out of time, and leave the team unable to demonstrate the features which do work.

The Showcase event will follow the Demo assessment.
